CONTENTS

Volume 10, Number 3, June 2020

• Robot Design and Performance Optimization

Neutrosophic Theory Applied in the Multi Objectives Optimization of the Robot's Joints Accelerations with the Virtual LabVIEW Instrumentation 79

A. Olaru, S. Olaru, N. Mihai, and N. Smidova

A Novel Design Novel Design Novel Design for for Aerial Robot Aerial Robot Aerial Robot Aerial Robot s to to Enhance Flight Enhance Flight Enhance Flight Enhance..... 86

Bahador Beigomi and Afshin Banazadeh

Performance Comparison in the Optimisation of a Parallel Robot Using Particle Swarm Optimisation..... 92

Catalin Boanta and Cornel Brisan

• Systems Engineering and Optimization

Roughness Grade Analysis on Fitness Landscape for Optimization Problem of Multi-dimensional Function ... 97

Shi Hui Wu

New 19 Axes Single-Processor System, for Door Moldings Manufacturing 104

P. Badescu and N. Mihai
