

International Journal of Modeling and Optimization

CONTENTS

Volume 11, Number 2, May 2021

• Data Calculation and Method

Open-Source Neural Architecture Search with Ensemble and Pre-trained Networks 33
Séamus Lankford

On Calculating Method of the Kelly Criterion for Financial Investment in Single Risky Asset with Various Distributions of Returns..... 42
Naohiro Yoshida

• Control System and Model

LabVIEW Software Platform for Kinematics Analyse in Robotics 47
A. Olaru, T. Dobrescu, S. Olaru, and I. Mihai

Innovative Device for Enhancing Deaf-Mute Persons Communication Possibilities 53
Diana Cotoros, Anca Stanciu, and Alexandra Hutini

Force Control for Anthropomorphic Fingers Actuated by Shape Memory Alloy Wires 58
Mircea Hulea
