

International Journal of Modeling and Optimization

CONTENTS

Volume 5, Number 5, October 2015

• **Computer Science and Engineering Application**

Aperture Filter and Adaptive Filter Response for Reconstruction of Sea Surface Image Based on LIDAR Observation.....317
Muhammad Sameer Sheikh, QunSheng Cao, and Caiyun Wang

An Extended Simulation Model for Managing Dynamic Changes in Software Development Projects.....325
Allesha Fogle and Yanzhen Qu

An Interview of Cloud Translation Platform.....332
Xiao-Yan Ren

• **Mechanical Manufacturing and Electromechanical Engineering**

Research on the Laborers Allocation for the Aircraft Assembly Line Using an Improved Greedy Algorithm.337
Fangjian Wei, Yu Guo, and Kun Lu

Improvement of Wafer Saw Film Burr Issues.....345
Te-Jen Su, Yi-Feng Chen, Jui-Chuan Cheng, Shih-Mine Wang, and Tung-Yen Tsou

• **Applied Mathematics**

Positive Solutions for a Kind of Multipoint Boundary Value Problem.....349
Bo Sun
